

500 Series

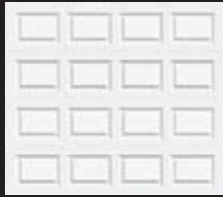

STEEL GARAGE DOORS
Models: 501, 502, 50C, 511, 512, 51C

North America's Finest Garage Doors

NORTHWEST DOOR®

TRADITIONAL PANEL (Models: 501, 511)

Model 501 non-insulated and Model 511 insulated.
 Traditional panels are our most popular design and work well with most architectural styles. The small door panels add detail and charm to the face of your home. The optional window designs shown below are four panels wide and configured for single car garage doors.

Woodgrain
 Embossed
 20"x14"

RANCH PANEL (Models: 502, 512)

Model 502 non-insulated and Model 512 insulated. Ranch panels are large, bold and impressive. The long narrow design of the panels add length and definition to the appearance of your home and enhances it's curb appeal.
