IMPRESSIVE DETAILS

SAFETY FIRST

Designed with award-winning safety and technology features including pinch-resistant door panels and our TorqueMaster® Plus counterbalance system that safely encloses the springs inside a protective steel tube†. A Wayne Dalton exclusive.

INNER BEAUTY

Foamed-in-place polyurethane R-10* insulation helps control costly heat loss and gain and also helps block street noise. Our foamstop and bottom weather seal stop air infiltration to save you energy.
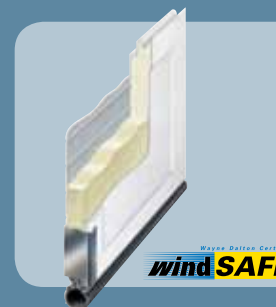

FINELY DETAILED

Three-section styling on 7′ high doors gives a custom design look. Our 8′ high doors have four-section styling. All panels have finished interiors and low-profile hinges.

WINDSAFE™

Model 9700 is available with optional hardware and reinforcements designed for use in regions with high winds. It meets windload requirements of the International Building Code, Florida Building Code and Texas Department of Insurance.

†TorqueMaster counterbalance is available where door weight allows. Torsion springs may be required for larger doors.

* Insulation values have been calculated in compliance with Dasma TDS-163 industry standards.
